Shannon is Vice President of International Data Science and Analytics at TransUnion. She is responsible for providing analytics solutions and credit scoring services to banks, credit reporting agencies, and other financial institutions across the globe, as well as establishing model governance standards and new hire training programs for all of TransUnion’s global analytics teams. Shannon grew up in New Smyrna Beach, FL, and has a M.S. in statistics from the University of North Florida and B.S. in mathematics and statistics from the University of Florida. She has been an active member of Georgia Audubon since 2012 and also serves as the membership chair for the Georgia Ornithological Society. Shannon lives in Atlanta and frequently birds in her spare time around Georgia, the U.S., or just about any place in the world that her work takes her.
