# Zonolite Park

South Fork Conservancy/DeKalb County  
Zonolite Place (near intersection of Johnson  
Road and Briarcliff Road, Atlanta, GA)

Zonolite Park will serve as the headquarters for the 2019 Wildlife Sanctuary Tour. Certified as an Atlanta Audubon Wildlife Sanctuary in 2019, the park features 1.5 miles of gravel trails through 13 acres that runs along the South Fork of Peachtree Creek. A pollinator garden that is resplendent with bee balm and false indigo welcomes visitors to the park. The park also includes an old-growth forest, a sunny meadow, a community garden, and a beautiful wetlands garden. Formerly a neglected industrial wasteland, Zonolite Park was restored thanks to the efforts of the South Fork Conservancy. Following an extensive waste cleanup, a complex grading and ecological restoration project was undertaken to create a sloping meadow with a pond that cleanses rainwater before it reaches the creek. The sunny meadow features an abundance of native flowers and grasses, including purple coneflower, butterfly weed, Joe Pye weed, black-eyed Susan, and blueberries. Meander down the shaded trail towards the South Fork of Peachtree Creek and you'll likely spot Ruby-throated Hummingbirds visiting the jewelweed that adorns the trail edges. Large tulip poplars and bigleaf magnolia provide shade on the trail
